Relevant experience

Dotu – Planning apps for theatres 

Front-end 2019 – 2020

Front-end lead 2020 – Present

Responsibility: Deliver robust high-quality front-end focused on user experience, accessibility and extensivity. Build component architecture and created reusable design system.

Achievements: Dotu UI is implemented in 4 apps that continue to grow. The apps are used by major theatres in Czech republic.

www.dotu.cz 

After Russia – Anti-war opposition in Russia 

Tech lead 2022 – Present

Social media 2023 – Present

Responsibility: Co-founded the project, build the web app. Setup of publication workflow, automation solutions. Manage the social media team and write occasionally.

Achievements: Stable team of 30+ volunteers across the world. Regular pipeline of content. Growing outreach to European audience: by publication or attendance to conferences.

Dr-Abe – Full-stack development in team of three 

Full-stack developer 2016 – 2017

Responsibility: Full-stack web solutions, mostly powered by PHP-based content management systems. Leading the projects for cultural organisations (such as [Prague Philharmonic Choir](#)).

Achievements: Successful launch of 10+ projects, some of which I led.

www.dr-abe.cz 

Freelance – Full-stack web solutions 

Full-stack developer 2014 – Present

Responsibility: Solutions focused on sustainability and good UX for both the user and the owner. Using WordPress at first, later Next.js with a CMS solution.

Achievements: Launched 30+ projects, mainly for cultural organisations. Stayed in long-term cooperation with some of them. Moderated [WordCamp Prague](#) developer section.

Tvar – Renowned literature magazine in Czech republic 

Tech lead 2014 – 2017

Responsibility: To lead the magazine into a digital world while making it a stable and sustainable process. Pitching new formats ideal for the online world. Establishing online subscription.

Achievements: Launched a robust website with new digital-friendly formats: Podcasts, online revue, public polls, culture coverage, networking. Digital archive of past issues with full-text search. Online subscription almost doubled the income of the magazine.
